## OLIVE OIL SKIN CARE OLIVE MY CHILDREN

### *The Bite*

Wish finding skin care products that smell delicious and work wasn't such a drama? Thanks to McEvoy Ranch, now there's an olive-oil-based soap you won't feel guilty about enjoying daily. Named for McEvoy's olive orchard, 80 Acres has locally crafted, fresh-smelling (juniper and dill = ahh), lux-feeling soaps, lotions, and body washes. The high fatty acid content of the EVOO in there helps rejuvenate skin cells. Slather it on, and stay bold and beautiful.
