

80 Acres is named for the space on the 550-acre McEvoy Ranch where the first Tuscan olive tree seedlings were planted. The fruit of those seedlings now forms the basis for lush, moisturizing body wash, soap, and lotion. The body balm is the perfect fix for extremely dry skin on your elbows and knees, and the hand and body wash cleanses without stripping away your skin's natural moisture. All the products have a refreshing, grassy scent inspired by the ranch's gardens. Round out your beauty regime by lighting 80 Acres' signature candle and relaxing. Breathe deeply, close your eyes, and you'll almost believe you're in a sunny olive grove in Tuscany. **Body Balm:** \$20; **Body Wash:** \$16; **Soap:** \$8 each or 3 for \$21; **Candle:** \$24
